The Makey Makey is a tiny invention that turns everyday objects into touchpads. This opens up a world of possibilities for creative and mischievous projects. If you're an evil genius looking for some new ways to wreak havoc, here are 20 Makey Makey projects that are sure to get your brain buzzing.

1. DIY Piano

With a Makey Makey, you can turn any conductive object into a piano key. This makes it easy to create your own unique piano, using anything from bananas to cardboard.

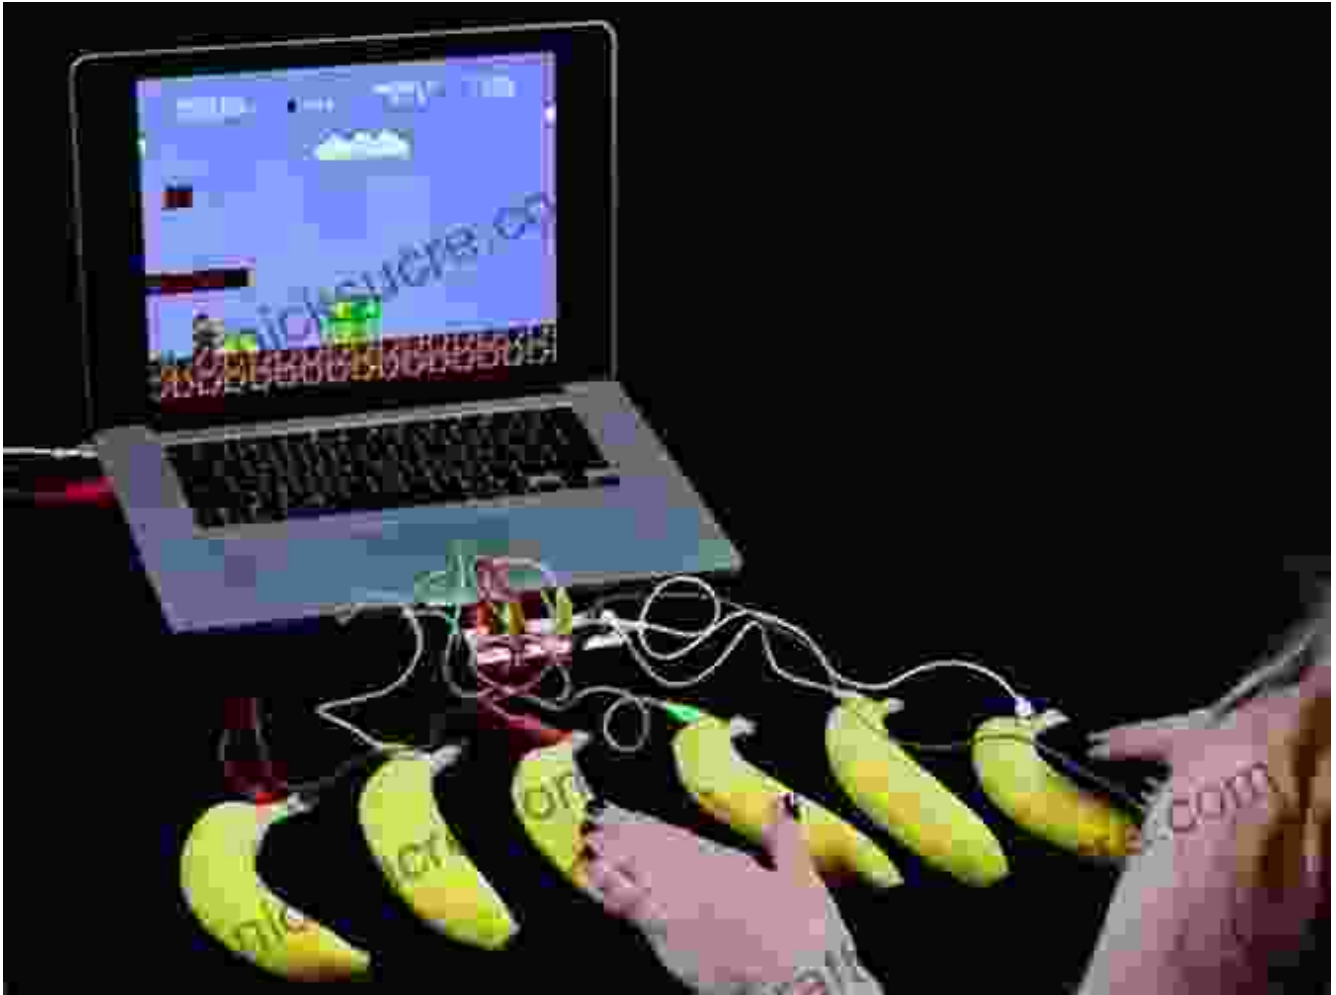

2. Motion-Activated Haunted House

Use a Makey Makey to create a motion-activated haunted house that will scare the pants off your friends and family. When someone walks past a certain point, the Makey Makey will trigger a variety of spooky sounds and effects.

3. Pranking Telephone

This is a classic prank that never gets old. With a Makey Makey, you can turn any phone into a pranking device. When someone picks up the phone, the Makey Makey will play a variety of funny or annoying sounds.

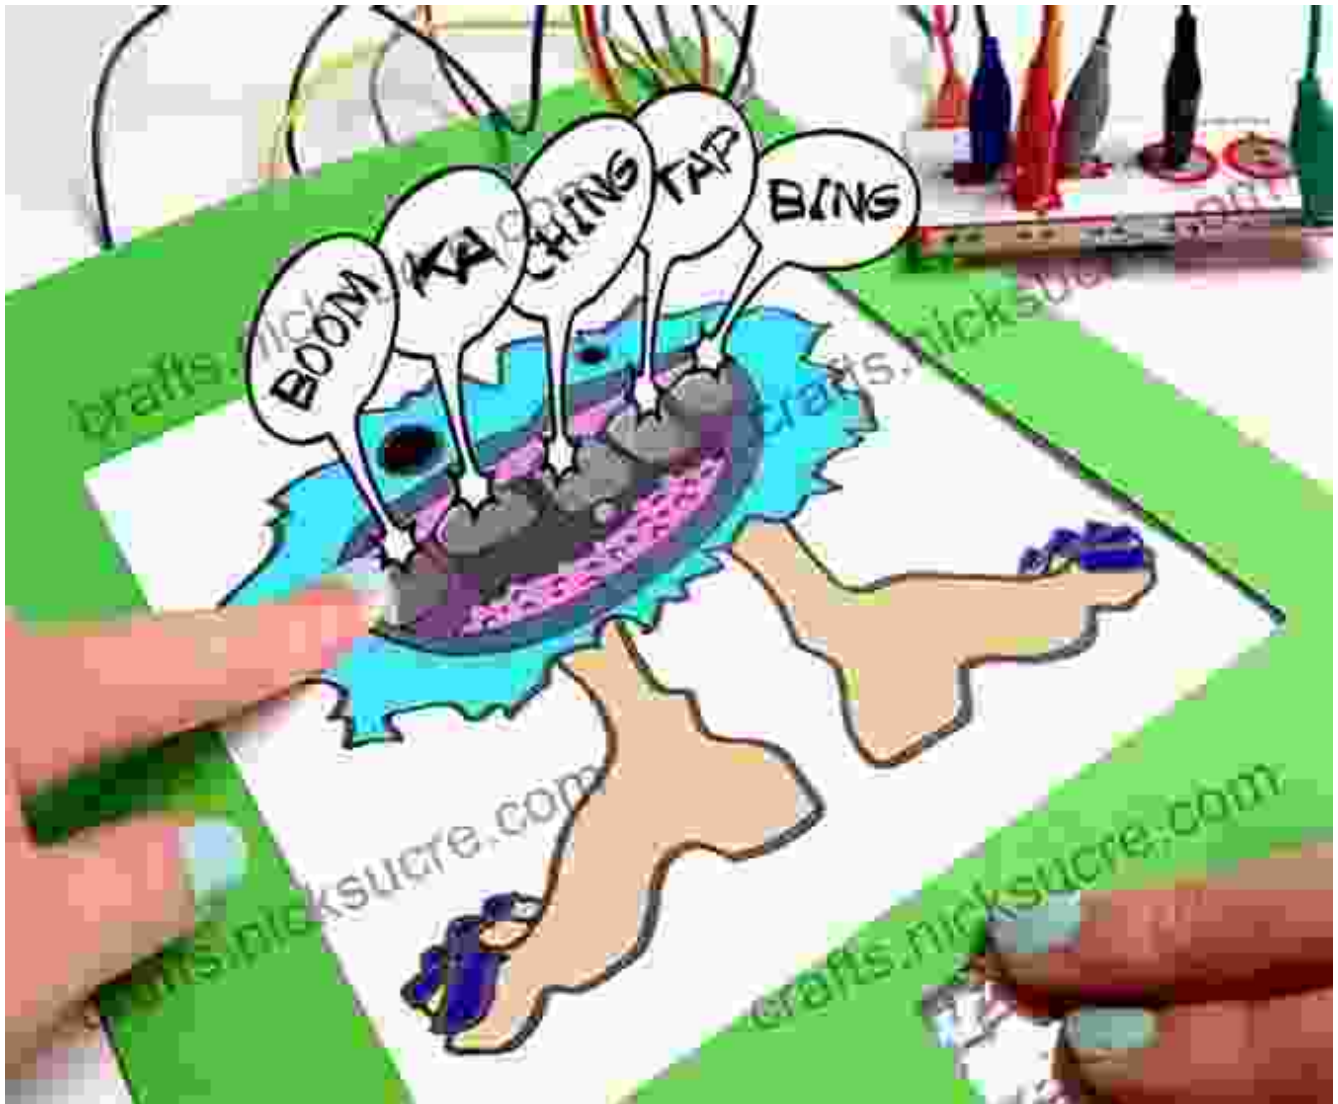

4. DIY Video Game Controller

With a Makey Makey, you can create your own custom video game controllers. This is a great way to add a personal touch to your favorite games.

5. Interactive Art Installation

Makey Makeys can be used to create interactive art installations that allow visitors to interact with the artwork in new and exciting ways.

6. Educational Games

Makey Makeys are a great way to make learning fun. You can create educational games that teach kids about a variety of topics, from science to history.

7. Home Automation

Makey Makeys can be used to automate a variety of tasks around your home. For example, you can create a system that turns on the lights when you walk into a room, or that opens the curtains when it's time to wake up.

8. Musical Instruments

With a Makey Makey, you can create your own unique musical instruments. This is a great way to explore your creativity and make some music.

9. Robotics

Makey Makeys can be used to create simple robots. This is a great way to learn about robotics and how to build things that move.

10. Wearable Tech

Makey Makeys can be used to create wearable tech that allows you to interact with the world in new ways. For example, you can create a glove that controls a video game character, or a hat that plays music when you tilt your head.

11. Pranking Vending Machines

This is a classic prank that is sure to get a laugh. With a Makey Makey, you can create a device that allows you to trick vending machines into giving you free products.

12. DIY Theremin

A theremin is a musical instrument that is played by moving your hands in the air. With a Makey Makey, you can create your own DIY theremin.

13. Interactive Whiteboard

With a Makey Makey, you can turn any whiteboard into an interactive whiteboard. This is a great way to make lessons more engaging and fun.

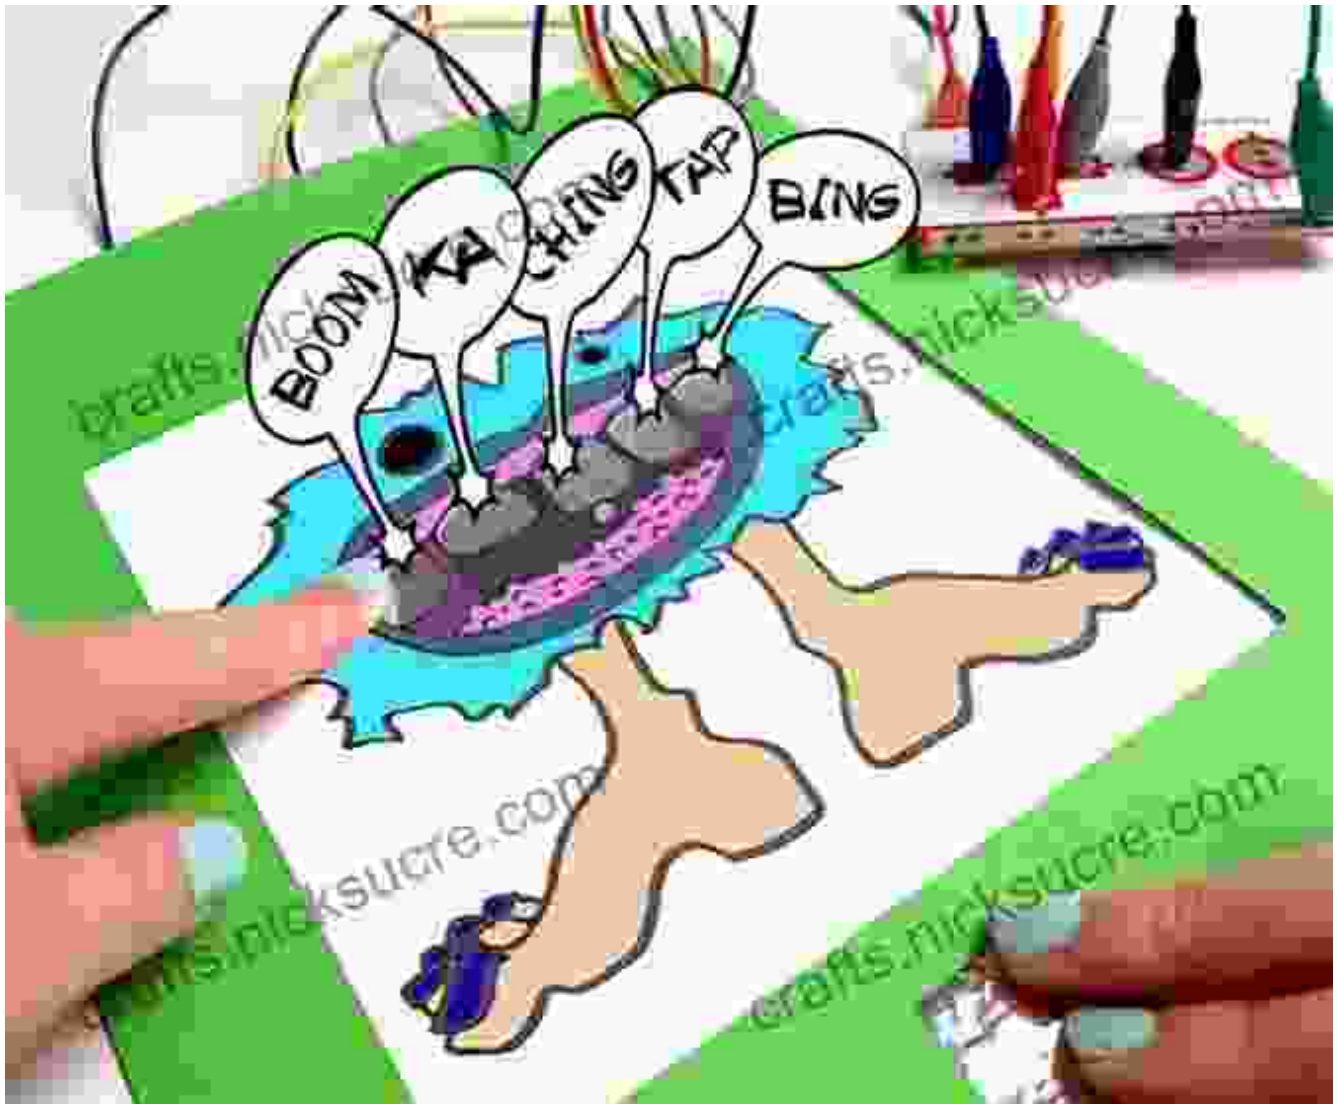

14. DIY Drum Kit

With a Makey Makey, you can create your own DIY drum kit. This is a great way to make music and have some fun.

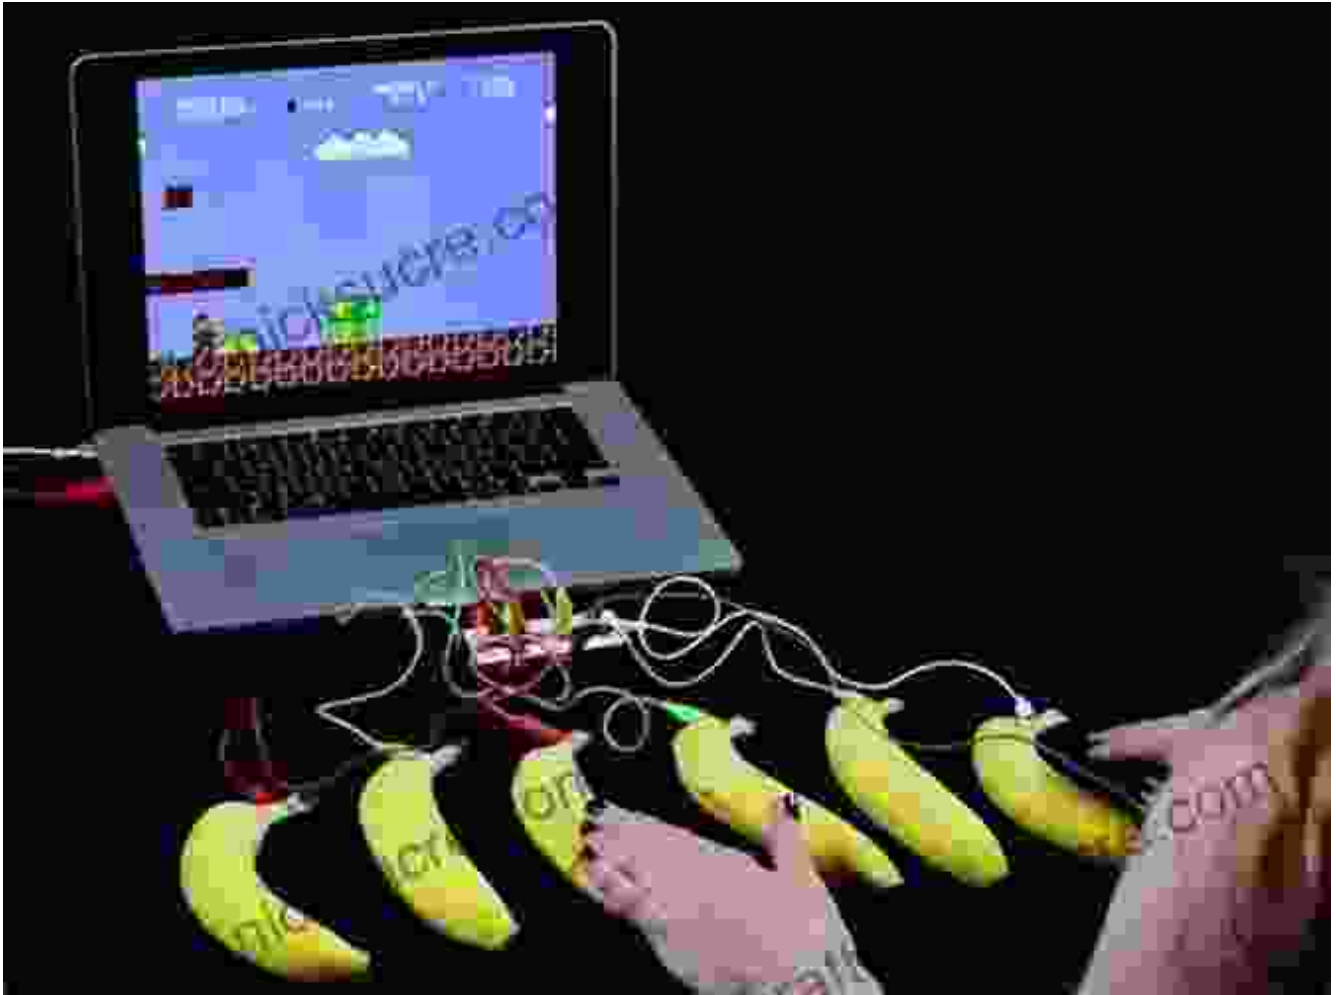

15. Interactive Storybook

With a Makey Makey, you can create an interactive storybook that allows children to interact with the story in new and exciting ways.

16. Pranking Your Friends

Makey Makeys are perfect for pranking your friends. You can create a variety of pranks, from simple jokes to elaborate schemes.

17. DIY Synthesizer

With a Makey Makey, you can create your own DIY synthesizer. This is a great way to learn about electronic music and how to make your own unique sounds.

18. Motion-Activated Light Switch

With a Makey Makey, you can create a motion-activated light switch that turns on the lights when you walk into a room.

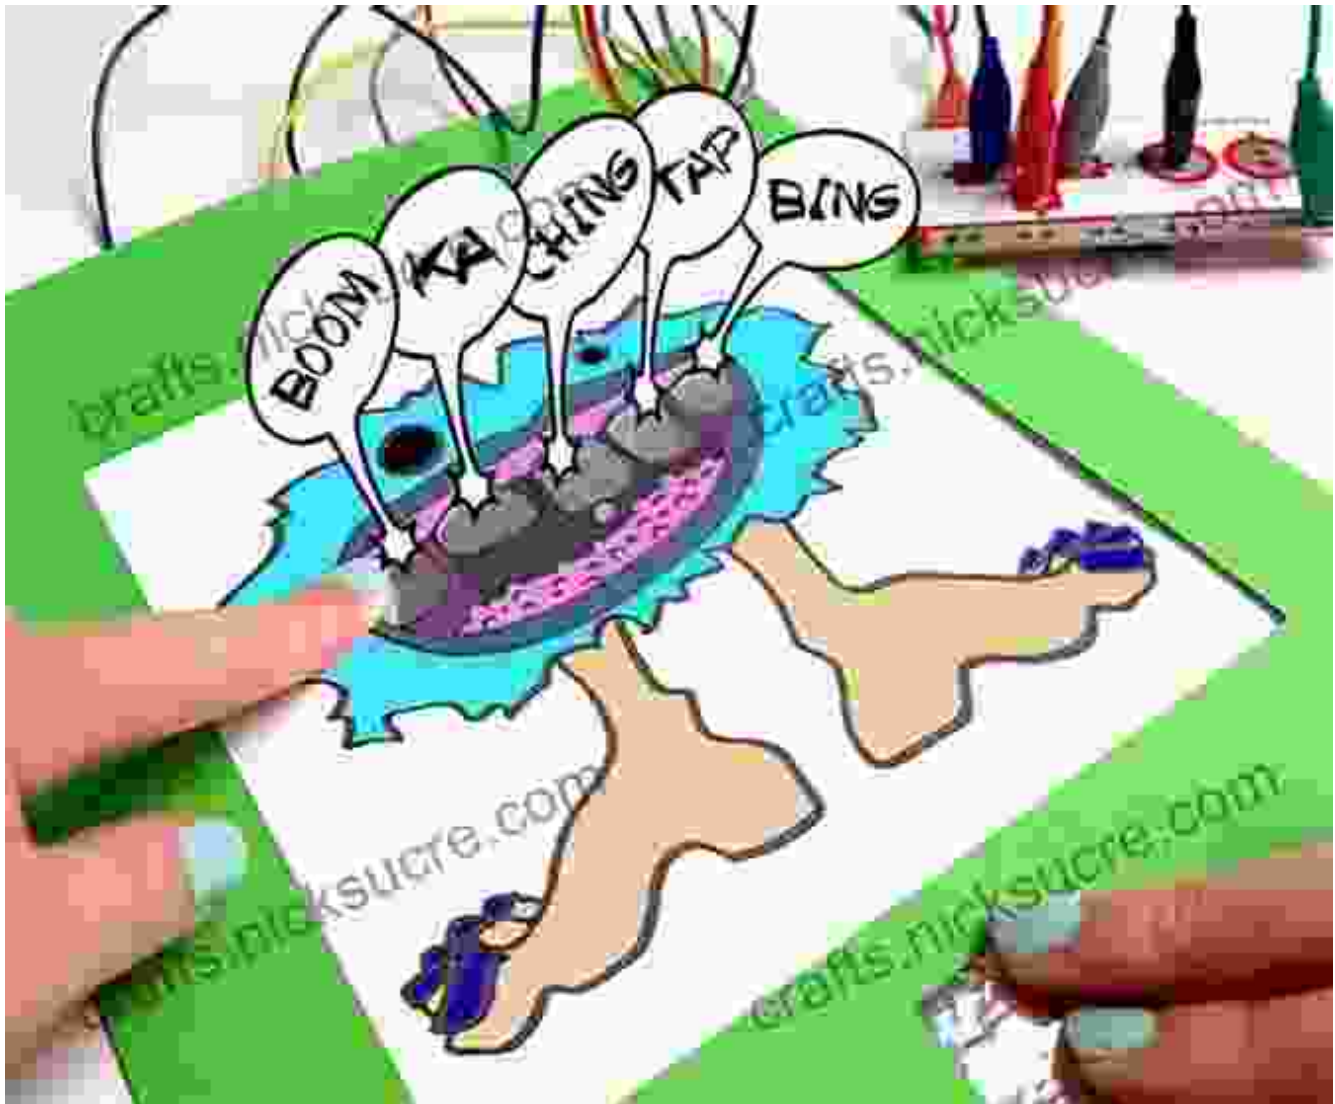

19. DIY Video Game Arcade

With a Makey Makey, you can create your own DIY video game arcade. This is a great way to bring the arcade experience into your own home.

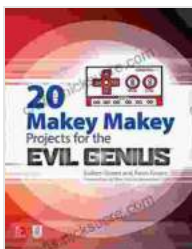

20. Interactive Costume

With a Makey Makey, you can create an interactive costume that allows you to interact with the world in new and exciting ways.

These are just a few of the many evil genius-level projects you can create with a Makey Makey. With a little creativity and some basic electronics knowledge, you can create anything you can imagine
